**4. Termination Liability**

Customers terminating a SimpleLink Enhanced II plan prior to the expiration of the selected term period are subject to termination charges.

Termination charges are equal to 50% of the MMRC multiplied by the number of months remaining in the customer's term period. For a partial month, if the partial month revenue is less than the MMRC, the customer is liable for 50% of the difference between the MMRC and the actual billed revenue.

Termination liability charges are not applicable if during the SimpleLink Enhanced II term period the customer converts to another Company access or local usage plan with a term equal to or greater than the remaining SimpleLink Enhanced II plan, and the new revenue commitment is equal to or greater than the remaining SimpleLink Enhanced II revenue commitment.

Customers who have their business network access line(s) with a competitive local exchange carrier within the SBC Illinois, SBC Indiana, SBC Michigan, SBC Ohio, or SBC Wisconsin service areas and who now wish to establish their business network access line service with the Company will receive a one-time waiver or refund of the termination charges associated with early termination of a previous SimpleLink or SimpleLink Enhanced agreement for the purpose of establishing service with another carrier if they return to the Company and sign a new SimpleLink Enhanced II agreement. The new SimpleLink Enhanced II term period must be greater than or equal to that of the terminated plan and the new revenue commitment equal to or greater than the revenue commitment under the terminated plan. Eligible customers must, also, have refused or not responded to a previous SimpleLink Enhanced II offer. In addition, the customer's former account must not have been disconnected for nonpayment, and no money is owed the Company for any past due bills for regulated service, other than the termination charge. In addition, the "Bill Name" must be the same as on the prior Company account. Customers may take advantage of this offer only once.

**C. TERMS AND CONDITIONS (cont'd)**

12. Eligible Win and Winback customers will receive a waiver of normally applicable service order and line connection non-recurring charges (NRC's) associated with local exchange access lines and/or vertical services ordered at the time of the initial subscription to a CompleteLink® 2.0 agreement. Standard NRC's will apply to lines and features added after the initial CompleteLink® 2.0 order. Win and Winback customers include business customers who have their local exchange access line service with another competitive local exchange carrier within the AT&T Illinois, AT&T Indiana, AT&T Michigan, AT&T Ohio, or AT&T Wisconsin service area and who now wish to establish their local exchange access line service with the Company.

13. Win and Winback business customers who establish service with the Company and subscribe to a CompleteLink® 2.0 agreement will receive an accelerated discount that is calculated as a percentage of their agreed upon MARC and will be applied as a credit to their bill. The accelerated discounts will be applied upon subscription to CompleteLink® 2.0 and yearly (for terms exceeding one year) thereafter, according to the schedule below. Accelerated discounts are determined based upon win/winback services only and may not be determined based on existing services. When a CompleteLink® 2.0 agreement consists of both existing services and win/winback services, the win/winback services will not be eligible to receive any accelerated discounts. This accelerated discount is not available to customers who have their local service with an affiliate of the Company.

Win and Winback customers who establish a CompleteLink® 2.0 agreement and later upgrade to a new term length and/or MARC level, or terminate their CompleteLink® 2.0 agreement prior to its expiration date, will forego any accelerated discounts not yet received. Customers who upgrade will retain any accelerated discounts already received and will not receive any yearly accelerated discounts based on their original CompleteLink® 2.0 term.
